
Providing Veteran-directed Financial Management Services

ACES\$ Veterans

Partner With Subject-matter Experts

As a Center for Independent Living and longstanding FMS provider, we've been empowering people with disabilities to live independently, since 1988.

ACES\$ Financial Management Services is an approved FMS provider for the Veteran-directed Home and Community Based Services (VD-HCBS) Program.

As the largest non-profit FMS provider, we put Veterans first, providing the best in customer service while saving your program money.

Give Your Veterans the ACES\$ Advantage

Over 51% of our team have a disability, and 10% are Veterans. In fact, many of our team and board members actively use our services. By knowing firsthand what it's like, we know how best to serve the individuals on your VD-HCBS program.

- **A quick, personalized enrollment**
We know how frustrating filling out paperwork can be. That's why we made enrollment for both Veterans and attendants easy and fast. They can even choose optional in-person enrollment to streamline the process.
- **Outstanding customer service**
Since more than half our team are people with disabilities, we know what it's like to navigate the FMS world. That's why we go above and beyond for Veterans. We take the time to find the best solution.
- **Live phone-call support**
When Veterans and attendants call ACES\$, they reach a helpful team member — not an automated system.
- **Choice of timesheet submission**
Veterans and attendants can email, mail, fax or save time with ACES\$ Online™.
- **Real-time data view**
With ACES\$ Online™, Veterans and case managers can see budget and timesheets in real time.
