

MyCIL

Who We Are,
How We Help Our Communities
and How We Can Serve You

Who We Are

MyCIL is a Center for Independent Living.
We help the aging and people with disabilities
in Northeastern Pennsylvania
live their best, independent lives.

MyCIL is more than just a dedicated team of
Independent Living Specialists — we are people
who understand what having a disability means.
Over 51% of our team has a disability.
By knowing firsthand what it's like,
we can better serve our community.

Our Driving Forces

Our Mission

As a non-profit
Center for Independent Living,
we support self-direction
with our **expert** and **personalized**
aging and disability services
— including advocacy, transitional skills, and
ACES\$ Financial Management Services —
guided by our **empathy, respect, and integrity.**

Our Vision

To **inspire, encourage, empower,** and **support**
by providing
personalized aging and disability services
driven by our
humility, emotional intelligence, and
passion to make the world inclusively better.

Our Core Values

We put **people first.**

We do things the **right way** — the **first time.**

We **advocate.**

We **authentically support** our
inclusive, diverse team.

We are **agile** and **innovative.**

We can be **independent**
when we do it **together**

How We Help Our Communities

MyCIL Independent Living Services

MyCIL offers five core independent living services: Advocacy, Skills Training, Information and Referral, Peer Mentoring, and Transitional Services.

More about MyCIL's Independent Living Services: www.mycil.org/services.

ACES\$ Financial Management Services

Through ACES\$, we provide financial management services, a Participant-directed payroll management solution.

More about ACES\$: [www.mycil.org/ACES\\$](http://www.mycil.org/ACES$).

MyCIL's Transitional Skills Center

MyCIL's TSC is the only facility of its kind in the area — serving 20+ districts in the NEPA region — to offer young adults with disabilities training and support in simulated life settings to achieve their individual independent living goals.

More about MyCIL's TSC: www.mycil.org/TSC.

MyCIL's iTeam

Our all-inclusive sports and social clinics are free for kids and young adults with disabilities. They're social opportunities to practice and learn more about favorite sports, from soccer to cheer. Participants get to enjoy each other's company and make new friends with fun activities such as dances and movies nights.

More about MyCIL's iTeam: www.MyCILiTeam.org.

TSC Is Spreading Petals

Through our non-profit TSC Is Spreading Petals, we're spreading joy while providing job training to MyCIL's Transitional Skills Center students. They organize and rearrange donated flowers and then deliver them to the elderly and critically ill.

We offer other ventures for TSC students to participate in, including TSC Is a Latte Fun (a mobile coffee shop), TSC Is the Balm (a lip balm product), and TSC is for the Dogs (dog treats).

More about TSC Is Spreading Petals: www.TSCPetals.org.

"As a person with a disability, and the father of a child with a disability, I am so proud to work with a team that has true empathy and passion for our work."

~ Tim Moran, CEO,
with his son Matthew

How We Can Serve You

Whether we host your event at your location or at MyCIL's headquarters, we can help you with:

Education Forums and Disability Awareness Training

MyCIL offers education forums and disability awareness training that we can customize for your specific needs. From topic-based training, such as ADA compliance, to training designed for your audience, we increase awareness, dispel stereotypes, and foster a better understanding.

More about MyCIL's disability awareness training: www.mycil.org/services/awareness-training.

Project ABLE

Project ABLE (Acceptance By Learning Experience) is one of our most popular disability awareness training programs. This interactive program gives participants firsthand experience of what having a disability can be like.

Learn more about Project ABLE: www.mycil.org/services/project-able.

Roundtables, Listening Sessions, and Lunch & Learns

Whatever your objectives, MyCIL can host interactive sessions that elicit useful feedback from stakeholders. In the past, we've helped managed care organizations and state offices obtain actionable information from the disability community.

Community Outreach and Awareness Campaigns

MyCIL can help you design and implement awareness campaigns that meet your unique goals. We also offer ongoing community outreach to provide one-on-one support to members of your aging and disability community.

More about community outreach: www.mycil.org/outreach.

Partner With MyCIL
